Introduction

The TCM group is on a mission to transform the culture of the modern workplace. We work with HR professionals, leaders, managers and employees to embed person centred, values-based workplace cultures. A workplace culture where dialogue, co-operation, collaboration and emotional intelligence are embedded deep into the organisations systems, structures and psyche.

Over the past 18 years we have secured a world class reputation and a first-class client list. We have built a reputation as a leading provider of mediation, conflict management, culture change, employee relations and leadership development consultancy and training. We have worked at a strategic level to embed mediation, cultural change and resolution programmes within organisations as varied as Royal Mail, Network Rail, NATS, Aviva, HSBC, Lloyds Bank, Capgemini, BA, Virgin Atlantic Airways, Tesco, The BRC, The Metropolitan Police, London Ambulance Service and the entire UK Civil Service (with whom we have a framework agreement to deliver mediation training).

We have seen (and arguably driven), significant developments in the area of workplace mediation, values-based leadership and person centred & principles led human resources processes. Our unique TCM System™ is being applied in a wide array of organisations and our progressive HR/ER and OD practices, which used to be viewed as disruptive or ahead of their time, are becoming increasingly mainstream.

We operate out of the Business Design Centre in Islington and we have a state-of-the-art training and mediation venue (The TCM Academy). We have a team of 9 full time employees covering a range of head office and leadership roles. The TCM team also includes c30 freelance associates. Please [click here](#) to view the current TCM team. We have adopted a lean business methodology and we use outsourced partners as required.

In 2018, TCM was awarded Mediation Provider of the Year at the National Mediation Awards (hosted jointly by the Civil Mediation Council and The College of Mediators). In 2019, we are finalists for several awards and we are proud that our achievements are being recognised by industry leaders here in the UK and overseas. As part of our CSR efforts, TCM supports the Stephen Lawrence Charitable Trust and we make regular donations to support the important work of this organisation.

The TCM Group created and enthusiastically applies the **FAIR Model™** across all of our services and activities - Facilitate, Appreciate, Innovate, Resolve. This is a robust and highly effective model which encourages open, honest and mature dialogue. The FAIR Model™ is at the heart of our services, and of our business.

We have just concluded the appointment of a Head of Investigation and Audit Services and a Head of Resolution Services to grow and expand those parts of the business. We now wish to appoint a Head of Programmes who will work closely with TCM's CEO and other colleagues to deliver significant growth and expansion of our OD, cultural change and leadership & management projects and programmes.
