conflict in the bud!

CORE MEDIATION SKILLS™

INTRODUCTION

The need for managers to possess mediation and diplomacy skills is more important now than perhaps it has ever been.

This one-day course, delivered in the classroom or online, presents your managers with the vital skills that they need to understand how, and why, disputes occur and most importantly, how to respond when they do. Delegates develop the confidence, the competence and the courage to spot, prevent, and resolve a broad range of workplace disputes and disagreements.

The course utilises best practice in all aspects of mediation, collaboration, positive psychology, emotional intelligence and conflict management. TCM's world class trainers provide the skills and strategies that every manager needs to nip issues in the bud - before they escalate out of control.
