

ROUTES TO RESOLUTION™

Routes to Resolution™ is designed to support the implementation of a Resolution Framework. The Resolution Framework replaces traditional discipline and grievance procedures. This course provides everything that you need to develop a fully functioning Resolution Unit within your organisation.

Our expert trainers equip delegates with the skills and strategies to identify the most appropriate route to resolution in each case. The options can vary from early resolution meetings, coaching, restorative conversations, mediation, or an investigation.

This unique course supports managers, HR and ER professionals and unions to develop awareness of options available to people in conflict in organisations, and when different routes are most appropriate. It also helps them to develop the skills required to support individuals involved in complex and challenging workplace issues.
