HR AS COACH & MEDIATOR™

The essential mediation and coaching skills course
for HR professionals.

COACHING**

INTRODUCTION

HR as Coach & Mediator™ provides delegates with the skills to be able to respond calmly and neutrally during the various stages of conflict. It looks at a range of active listening and reframing skills to move a situation forward, to understand how to create and manage boundaries and set clear goals that enable our teams to lead by example.

This two-day course builds on delegates' instinct for resolution; using their experience of conflict coaching, mediation or purely a desire to understand these areas more. It offers a tried and tested model of mediation along with a series of practical tips and guides to help them secure a positive resolution in workplace disputes.

By combining Emotional Intelligence with theories such as 'Positive Psychology', it also enables HR and ER professionals to provide coaching and support for managers to help them secure constructive outcomes without the need for recourse to formal grievance, disciplinary or performance management procedures.
